trust
consulting services

capability statement

Trust Consulting Services, Inc. (Trust) is a growing SBA 8(a) and service-disabled veteran owned small business that provides cost-effective, customer-focused, scalable solutions to a broad range of government agencies. Our team is comprised of a highly trained professionals who provide clients with on-site support and reach-back services from a corporate headquarters. Our customers include commercial, local, state and federal government agencies.

PAST PERFORMANCE

USDA FNS Acquisition Support

Trust provides the Contract Management Division cradle-to-grave acquisition support services

Department of Justice

Trust supports the execution of the Division's mission across the budgetary, accounting, and financial systems with special attention to development, training, data conversion, cleanup, reconciliation, and communications.

Chicago Transit Authority

Trust assisted in IT PMO activities, provided project management guidance, developed and implemented a consistent and standardized process for project management and methodology.

City of Chicago Board of Education

Trust provided enterprise systems management, network infrastructure, data storage and access models, application management, information security, mobile device management, disaster recovery, and business continuity.
